EXPERIENCE

John Jay College of Criminal Justice, New York, NY **September 2023 - Present**

Associate Professor of Public Policy

- Deputy Director, Master of Public Administration in Inspection and Oversight Program (February 2026 – Present)
- Deputy Chair for Technology, Department of Public Management (September 2018 – Present)
- Courses Taught: FCM 740: Data Communications: Interception, Forensics, and Security; FCM 749: Cyber Investigations: Software and Automation; PAD 750: Security of Information and Technology; PAD 713: Information in Inspection and Oversight; PAD 747: Technology and Computer Programs in Public Policy and Public Management; PAD 736: How to Start a Not-For-Profit in the State of New York; PAD 770: Quantitative Analysis; ACC 265: Digital Forensic Evidence; PAD 241: Information Literacy.
- Faculty Membership: Master of Public Administration Graduate Faculty; Master of Digital Forensics and Cyber Security Graduate Faculty.

ProfWorkBench, LLC, New York, NY **March 2026 - Present**

Founder & Chief Software Architect

- Established a premium, privacy-first software development firm focused on native macOS and iOS forensics, data sanitization, and compliance tools.
- Engineered a suite of 14 native applications (including DEV, OverWrite, WADL, and QRLume) enforcing a strict zero-telemetry, air-gapped architectural standard.
- Designed system integration frameworks enabling secure, local cryptographic verification and chain-of-custody tracking for law enforcement, corporate counsel, and investigative agencies.

John Jay College of Criminal Justice, New York, NY **January 2005 - August 2023**

Assistant Professor / Deputy Chair / Fellow

- Assistant Professor of Public Policy (January 2013 – August 2023)
- Deputy Chair for Technology, Department of Public Management (September 2018 - present)
- Faculty Fellow for Online Learning (September 2011 – June 2016)
- Deputy Chair for Academic Technology (August 2009 – May 2017)
- Chair and Senior Researcher: CUNY Skunkworks (January 2010 – June 2016)
- Instructor (August 2009 – January 2014)
- Substitute Assistant Professor (August 2007 – August 2009)
- Adjunct Assistant Professor (September 2005 – August 2007)
- Adjunct Lecturer (January 2005 – August 2005)

Association of Inspectors' General, New York, NY **February 2012 – Present**

Instructor

- Institute Instructor for digital forensics, smartphone investigations/security, and social media investigations for the Certified Inspector General (CIG) and Certified Inspector General Investigator (CIGI) programs.

Sinnreich Safar & Kosakoff LLP, Central Islip, NY **July 2004 – October 2006**

Summer Associate / Law Clerk

- Researched issues of law for use in litigation preparation.
- Drafted complaints, answers and various legal motions and memoranda of law.
- Assisted with trials and trial preparation.
- Interviewed clients and witnesses regarding pending litigation issues.

Community Legal Assistance Corporation, Hempstead, NY **January 2005 – June 2005**

Housing Rights Clinic Student Attorney

- Researched issues of law for use in litigation preparation.
- Drafted complaints, answers and various legal motions and memoranda of law.
- Conducted party and witness depositions.
- Interviewed clients and witnesses regarding pending litigation issues.

Long Beach Police Department, Long Beach, NY **June 1997 – July 2001**

Peace Officer

- Responsible for the enforcement of state and municipal laws.
- Responsible for day to day supervision of twenty seasonal personnel (2000 - 2001).
- Training officer (1999 – 2001): Developed training manual and materials for twenty seasonal peace officers.

Huntington Community First Aid Squad, Huntington, NY **September 1996 – May 2007**

Deputy Chief / Captain / Advanced EMT

- Deputy Chief: Served as Emergency Medical Service line officer supervising and responsible for over 200 members.
- Advanced Emergency Medical Technician – Critical Care, Hazmat Operations Officer, and Incident Commander.
- Department training officer responsible for the coordination and structure of all department trainings.
- Awards: New York State Award for Advanced Life Support (1999 and 2000); Leadership Award (2001).

EDUCATION

J.D., Hofstra University School of Law, Hempstead, NY **May 2005**

Legal Thesis: Selection of New York State Supreme Court Judges: Are Elections Only a Formality? | Housing Rights Clinic

M.P.A., John Jay College of Criminal Justice, New York, NY **January 2002**

Graduated with Honors | Member of the Pi Alpha Alpha National Honor Society

B.A. Government, John Jay College of Criminal Justice, New York, NY **May 2000**

INTELLECTUAL PROPERTY (ACADEMIC)

Wire-light Financial Forensics Software
Authors: Wandt, A., Fernez, M., Wang, M.
Year: 2022
Developed in partnership with the Federal Bureau of Investigation and National Cyber Forensics and Training Alliance. Hosted at the National Cyber Forensics and Training Alliance, New York Office.

Scrounger Forensics: OSINT Software for Law Enforcement
Authors: Wandt, A., Heifetz, E., Sonmez, M.
Year: 2020
Hosted at: https://scrounger.commons.gc.cuny.edu/

CP30: Anti Child Predator and Counter Terrorism Analysis Program
Authors: Wandt, A., Logie, K., et al
Year: 2019
Developed in partnership with and hosted at the Federal Bureau of Investigation, New York Office.

INTELLECTUAL PROPERTY (PROF WORKBENCH, LLC)

Digital Evidence Vault (DEV) *Available Now*

Capture mathematically immutable digital evidence. Secure court-admissible media with native SHA-256 hashes and PKI timestamping.

- Dual-Layer Timestamping
- Hardware-Accelerated Hashing
- Zero-Knowledge Sync

OverWrite *Available Now*

Advanced Disk Sanitization Software. Hardware-aware precision erasure with verifiable NIST compliant certificates.

- 100% Sandboxed architecture
- Exportable Erasure Certificates
- Real-time Wipe Analytics Dashboard

WADL *Available Now*

An open academic provenance and transparency disclosure standard for AI-assisted workflows.

- Interactive Process Scaling
- Local Provenance Generation
- Academic Visual Badges

QRLume *Available Now*

A specialized, zero-telemetry forensic QR code scanner engineered for professionals to safely inspect, deconstruct, and log payloads without executing malicious links natively.

- Cryptographic URL Isolation
- Hardware-Accelerated Analysis
- Immutable Court-Ready Evidence

MetaWrite-Lite *Available Now*

A forensic-grade, local-only metadata sanitizer optimized exclusively for standard image files.

- Absolute Zero Telemetry
- Traceless Image Scrubbing
- Forensic Hash Verification

TallyLume *Available Now*

Unlock insights into the daily rituals and rhythms of your day. Easily track habits, log milestones, and map routines offline with interactive home widgets.

- Interactive Complications Grid
- Architectural Security Matrix
- Geolocated Hot-Map Analytics

ShotLume *Available Now*

Powerful screenshot workflows. Zero privacy compromises.

- Automated Dual-Routing
- Tech Doc Formatting
- Zero Telemetry Engine

HashLume *Available Now*

Professional Hash & Checksum Analyzer. Verify file integrity with precision and cryptographic chain-of-custody.

- 100% Offline Processing
- Expected Hash Matcher
- Chain-of-Custody PDF Exports

HeaderLume *Available Now*

Advanced Email Forensics Suite. Extract, parse, and analyze email metadata with integrated Threat Intelligence.

- Ultra-Fast Bulk Parsing
- Integrated Threat Intelligence
- Visual Forensic Exports

pcapLume *Available Now*

Offline network packet diagnostics, Layer-2 hardware vendor mapping, and local malware forensics sandboxing.

- Offline Packet Forensic Reassembly
- OUI Hardware & IoT Fingerprinting
- AOT YARA Payload Scanner

HexLume *Coming Soon*

A lightweight, fast, read-only forensic hex viewer engineered for precision analysis with a strict Zero-Telemetry guarantee.

- Hardware-Accelerated Rendering
- 4KB High-Performance Chunk Pagination
- Read-Only Sandbox Isolation

HexWrite *Coming Soon*

An advanced forensic memory patcher and tactical hex editor featuring native Apple StoreKit tracking and hot-swap delta injection.

- Live Delta-Patch Tracking Layer
- Unrestricted 100GB File Mapping
- Direct Disk-Level Editing

MetaWrite Pro *Coming Soon*

The Premier Forensic EXIF Metadata Suite for macOS. Secure, traceless manipulation.

- Traceless Export & Templates
- Chain-of-Custody Cryptography
- Unlimited Batch Processing

TEACHING EXPERIENCE & COURSES DEVELOPED

Graduate Courses Developed & Taught

- FCM 740: Data Communications: Interception, Forensics, and Security
- FCM 749: Cyber Investigations: Software and Automation
- PAD 750: Security of Information and Technology
- PAD 713: Information in Inspection and Oversight

- PAD 747: Technology and Computer Programs in Public Policy and Public Management
- PAD 736: How to Start a Not-For-Profit in the State of New York
- PAD 770: Quantitative Analysis

Undergraduate Courses Taught

- ACC 265: Digital Forensic Evidence
- PAD 241: Information Literacy.

Graduate Faculty Memberships

- Master of Public Administration Graduate Faculty
- Master of Digital Forensics and Cyber Security Graduate Faculty.

SERVICE TO THE COLLEGE AND PROFESSION

Administrative Service

- Deputy Director, Master of Public Administration in Inspection and Oversight Program (February 2026 - present)
- Deputy Chair for Technology, Department of Public Management (September 2018 - present)
- Faculty Fellow for Online Learning (September 2011 – June 2016)
- Deputy Chair for Academic Technology (August 2009 – May 2017)

College Activities

- Senator: John Jay College Faculty Senate (2020-2023)
- Member: John Jay College, College Council (2020-2023)
- Member: CUNY IT-Steering Committee (2012 - 2013)
- Provost's Representative: CUNY, Committee on Academic Technology (2009-2016)
- Co-Founder and Chair: The CUNY Skunkworks Academic Technology Research and Development Group
- Researcher: Center for Cybercrime Studies
- Academic Director: JJC Instructional Design Program
- Member: Technology Advisory Committee
- Member: Task Force on Distance Education Policy and Practice
- Member: Technology Sub-Committee of the Curriculum Committee
- Member: ITSS and CAT Technology and Pedagogy Workgroup
- Co-Chair: iTunes U Workgroup
- HETS Certified: Distance Learning Faculty Development Program Trainer
- Faculty Advisor: Student Technology Association
- Faculty Advisor: John Jay College Photography Association

Professional Service

- Co-Chair: New York City Bar Association - Artificial Intelligence and Digital Technologies Task Force's Subcommittee on Cybersecurity (2021 - present)
- Member: New York City Bar Committee on Technology, Cyber Law and Privacy (2021 - present)
- Member: New York County Lawyers Association Committee on Technology and Law (2020 – 2023)
- Co-Chair: New York City Bar Committee on Technology, Cyber Law and Privacy (2022 - 2025)

PRESENTATIONS

Wandt, A. "Social Media and Mobile Device Forensics: Turning Digital Evidence into Actionable Intelligence." (Invited). Professional Training Certificate in Digital Forensics and Cybercrime Investigation, Security and Peace Awareness Through Dialogue Initiative (SAAPTDI) International. Virtual, November 8, 2026.

Wandt, A., Kom, L. "Fight Fire with Fire: Leveling the AI Playing Field." (Invited Plenary). 2026 Association of Inspectors General Annual Training Conference: 30 Years of Oversight Excellence and Advocacy. Miami, FL. October 29, 2026.

Wandt, A. "Cyber Crisis Live: An Interactive Executive Incident Response Simulation." (Invited Moderator, Closing General Session). Government Technology New York City Cybersecurity Summit 2026. New York, NY. October 22, 2026.

Wandt, A. "Combating Industrialised Fraud: International Police Cooperation Against Cyber-Enabled Scam Operations." (Invited). Strategic Police Advisory Group (SPAG), a network of police advisers from United Nations Member States. Hosted at the Permanent Mission of the United Arab Emirates to the United Nations. MEDIA CITATIONS

Hundreds of Flock cameras on Long Island help solve crimes but critics raise alarms about government surveillance
Venue: Newsday | **Date:** 2026-09-15 | **Reporter:** Nicole Fuller, Arielle Martinez
"Realistically, they're run by private companies who have the motivation of profit over our civil rights and liberties," said Adam Wandt, adding that while license plate readers are "incredible tools to solve major crimes," they "need to be seriously regulated and overseen by state authorities."

Albany County Flock case fuels push for ALPR guardrails
Venue: Spectrum News | **Date:** 2026-09-11 | **Reporter:** Corey James
"Anytime you have police having a powerful technology, you make sure that there is proper inspection and oversight of this technology," said Adam Scott Wandt. "And through proper protocols, training, inspection and oversight, this technology can be made a lot safer."

Suffolk finalizing $4M deal with Flock Safety for gunshot detection sensors, but some are raising privacy concerns
Venue: Newsday | **Date:** 2026-08-02 | **Reporter:** Joe Werkmeister
Adam Wandt, associate professor of public policy at John Jay College of Criminal Justice in Manhattan, said he views the tools as a "net plus" under certain circumstances, noting there need to be checks and balances, safeguards, and transparency to prevent abuse.

Idexx appears to have plate-reading cameras monitoring Maine properties
Venue: Portland Press Herald | **Date:** 2026-06-09 | **Reporter:** Salomé Cloteaux
“They provide a great deal of safety and security, but also a great potential for abuse,” said Adam Wandt, an associate professor at John Jay College of Criminal Justice, regarding the use of automatic license plate readers.

An Ohio Man Was the First to Be Convicted Under a Deepfake Abuse Law
Venue: A&E True Crime | **Date:** 2026-05-19 | **Reporter:** Sara Kettler
“Using these for deepfakes is only going to become more common and easier,” noted Adam Wandt. “We have not experienced even the beginning of the potential of these tools to cause harm.”
